### Retention Managed Email

Corporate email needs to be managed for retention, eDiscovery, knowledge, and cost. Trusted Edge's Retention Managed Email manages emails based on the premise that NOT all emails are equal, and not all need to be preserved for the same period of time in a separate and costly repository. Retention Managed

Email enables companies to retain emails according to their business and regulatory policies, produce emails in response to eDiscovery requests, leverage email as a source of corporate knowledge, and reduce storage volume.

Retention Managed Email lets the enterprise quickly define and implement its email retention and filing policies and refine those policies over time. Trusted Edge's Retention Managed Email reduces corporate risk and cost, extends the lifetime of the corporate investment in Microsoft Exchange, and keeps email users within their familiar Outlook and Exchange environment.

**PROBLEM** Too much email, preserved for too long, filed in ad hoc places, without consistent policies.

**SOLUTION** Manage email based on business value, to business objectives.
